

DEAN MACHIHA

Warsaw, Poland | +48 512 409 157 | deanmachiha01@gmail.com

Professional Summary

Versatile and detail-oriented Computer Science student with a strong background spanning customer service, technical support, and web development. Proven track record of delivering high-quality client care, managing high-volume workloads, and diagnosing software/hardware issues. A fast learner with strong multilingual communication skills, adept at translating complex concepts for diverse audiences. Seeking entry-level opportunities or internships where strong analytical skills and an excellent work ethic can add immediate value.

Work Experience

Junior Web Developer | Mega Market

2024 – Present (Remote)

- Build and maintain responsive web pages, ensuring mobile responsiveness and an optimal user experience.
- Collaborate effectively with team members to resolve bugs, implement features, and improve system performance.
- Manage version control workflows using Git and GitHub to ensure organized project documentation.

Technical Support Intern | Digital Print EA Micro

2024 – 2025

- Provided first-line technical support, efficiently diagnosing and resolving hardware, software, and network issues.
- Assisted in maintaining internal IT infrastructure, user account management, and system configurations.
- Maintained a high level of internal customer satisfaction by troubleshooting day-to-day employee technical issues.
- Utilized corporate ticketing systems to log, prioritize, and thoroughly document incidents.

Customer Service Agent | JT Call Centre Solutions

2023 – 2024

- Delivered top-tier multi-channel support (phone, email, live chat), handling high-volume queues efficiently.
- Mastered corporate CRM platforms (Zendesk, Freshdesk) to track, manage, and log customer queries.

- Translated complex technical issues into clear, accessible language, directly boosting client satisfaction.
- Consistently met strict service-level agreements (SLAs) and internal performance targets.
